Introduction of KU

History of the University

Kasetsart University (Thai: มหาวิทยาลัยเกษตรศาสตร์; RTGS: Maha Witthayalai Kasetsat) is a top-ranked public university in Thailand. It is ranked at number 401-500 in the world by QS.[1] It was the first agricultural university and the third oldest university in Thailand. Kaset University was established on February 2, 1943, with the primary aims in promoting subjects related to agricultural science. To date, Kasetsart University has revised its curricula and expanded the subject areas to cover science, arts, social sciences, humanities, education, engineering, and architecture. Recently, the university made an attempt to include medicine and health science. Kasetsart University has seven campuses throughout Thailand, where its main and flagship campus is at Bang Khen, Bangkok. The enrollment is over 58,000, placing it among the top largest universities in Thailand.

The three founders

- Luang Ingkhasikasikan,
- Luang Suwan Vajokkasikij,
- Phra Chuangkasetsinlapakan

Kasetsart Symbol

The university symbol is a **Phra Phirun (or Varuna)**, the god of rain, mounted on a naga, or a giant serpent, encircled by lotus petals and then by the words “Kasetsart University B.E. 2486”.

The University color is: Green

The University Tree: Their Majesties the King and Queen planted nine “Nonsri” trees in front of the university’s . It remarked the historic day this tree has become the symbolic tree of Kasetsart University.

Our Campuses

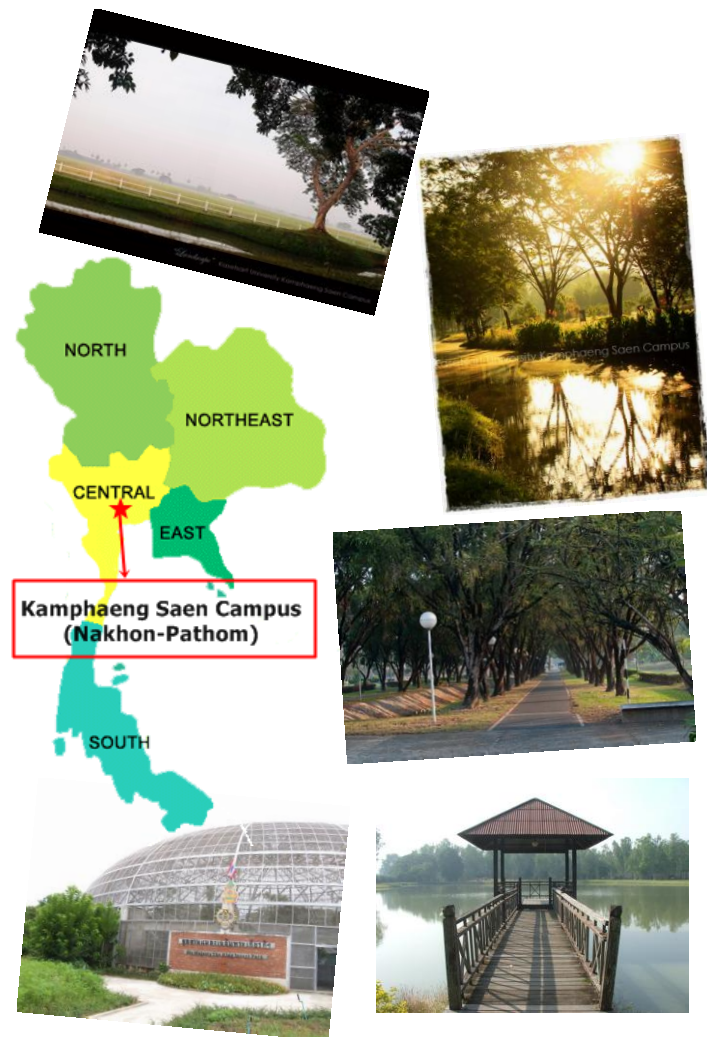

Bangkhen Campus (Bangkok)

This is the original and main campus of the university. It is situated on the area measuring 846 rai (135 hectares) in the lower part of the northern zone of Bangkok at the distance of approximately 6 kilometers to the south of Don Mueang International Airport. At present, 15 faculties, 6 offices, 6 institutes and the Graduate School of the university operate at this campus with a total student population of approximately 38,681. The faculties are Agriculture, Agro-Industry, Architecture, Business Administration, Economics, Education, Engineering, Environment, Fisheries, Forestry, Humanities, Science, Social Sciences, Veterinary Medicine and Veterinary Technology. The headquarters of all colleges, institutes, centers and offices of the university are also located in the campus.

Kamphaeng Saen Campus (Nakhon-Pathom)

In 1965, M.L. Xujati Kambhu, the University President at that time, perceived that the existing area at Bangkhen was not adequate to support the educational expansion according to the National Social and Economics Development Plan. He then searched for a new site. The University Council considered that Kamphaeng Saen District was the most appropriate site for several reasons. Firstly it was only 80 kilometres from Bangkok and 30 kilometres from down town Nakhon Pathom Province. Secondly, the soil was fertile suitable for cultivation. The water can be channeled from the Meaklong River through the irrigation canal dug from the Vajiralongkorn Dam in Kanchanaburi Province. Moreover, big plots of land were available. The Council, then, presented the University master plan to the Cabinet for the purchase and development of land. It was approved on December 6, 1996. Kasetsart University bought altogether 7,951 rai of land and the first phase building were constructed in 1974 and finished in 1978.

On November 12, 1979, Kamphaeng Saen Campus started teaching and learning activities by moving the third and fourth year students in faculty of Agriculture and agriculture related programs from Bangkhen to Kamphaeng Saen. From 1990, Kamphaeng Saen Campus could offer classes to students from the first to the fourth year including graduate students.

Si Racha Campus (Chon Buri)

This campus occupies the area of 199 rai (32 hectares) in Si Racha District of Chon Buri Province at the distance of approximately 107 kilometers to the east of Bangkok. It was originally an agricultural research station of the university since 1954. Its establishment as a campus took place in 1989 and was dictated by the pressing of the country shortage of high quality manpower as a consequence of the Eastern Seaboard Development Project.

In the campus offers degree courses and short-term training programs in four faculties which are Management Sciences, Engineering at Si Racha, Economics at Si Racha and International Maritime College.

The campus also provides special master's degree programs in Business Economics, Agribusiness, Industrial Administration and Development and so on.

Chalermphrakiat Sakon Nakhon Province Campus

Chalermphrakiat Sakon Nakhon Province Campus is the fourth campus of Kasetsart University. The campus was established in 1996 to commemorate the Golden Jubilee Anniversary of his Majesty King Bhumibol Adulyadej's accession to the throne. To mark such significance, His Majesty the King graciously granted permission for the university to include the modifying term "Chalermphrakiat", literally meaning "upholding the honor of His Majesty the King", in the name of the campus. The campus intends to provide much needed development - accelerating academic services and expected to be the center of education for the upper northeastern region of Thailand. Therefore, the campus will meet the needs of the growing region and will support the government's policy of expanding educational opportunities to the distance provinces. The campus aims are for development in management, education, teaching, research and human resources. These aims are in line with Kasetsart University's four primary objectives of learning and teaching, research and development, academic services and extensions, and promotion of traditional arts and cultures.

Using Mobile Phone in Thailand

There are three mobile phone companies which can operate in Thailand.

You can purchase a local SIM card and prepaid phone cards for air time at any convenience store as well as other retail outlets. If you are a long-term resident with a Retirement visa or a work permit you can obtain a service plan and be billed monthly. You can also “register” your number, so in the event you lose your mobile phone your provider can replace your SIM card with the same number. If you do not register your number you will have to settle for a new number.

Don'ts in Thailand

You should show respect for the monarchy.

When you visit temples and religious sites, and take pictures there, please respect the places and dress appropriately.

In Thailand, one's head is a "high" part of body that is respected whereas one's foot is "low" that is less respected.

It is polite to slightly bend down when you walk through the way where someone is seated, and do not walk cross anyone.

"Sawasdee" is a greeting with hospitality, showing the politeness and friendliness of Thais.

Buddhist monks are highly revered by Thais. **Women must not touch** them or their yellow robes since it is forbidden by religious rules.

Please dress modestly in government offices and religious places.

Hugging and kissing in public places is considered impolite in Thai society.

Alcohol not allow in the University

Revealing dresses /topless on the beach or in public places is very impolite. (Especially women)
